Ebix Smart Class Educational Services Pvt. Ltd.

Dear Sir/Madam,

We are using your services for digitalization of our classes and we feel the contents offered by you are very helpful. Due to audio visual videos and animations we are able to gain the attention of the lower class students even which was very hard earlier. Teachers feel this tool very helpful and they are getting variety of options while explaining things to the students.

We wish to enjoy your services and continuous support from your teams.

Regards,

Principal
